Sookht Ama: Where Passion Fuels Automotive Excellence

Sookhtama was Founded in 1990 by the late engineer Bahman Gilaki, For over 30 years, Sookht Ama has thrived on a simple passion: crafting reliable, innovative automotive parts that keep you moving. From humble beginnings crafting carburetors, we've grown into a leader, boasting the largest production lines for water pumps, oil pumps, and cutting-edge throttle bodies in Iran.

Our three state-of-the-art factories hum with the dedication of over 400 skilled professionals, armed with the latest CNC machining and aluminum die-casting technologies. We meticulously sculpt both lightweight and robust components, ensuring optimal performance for every journey.

Quality is our cornerstone, evident in our national standard mark for water and oil pumps and eight years of trusted partnerships with leading European manufacturers. We take pride in exceeding expectations, offering not just pumps, but a comprehensive portfolio of solutions, including spark plugs, brake pads, oil filter assemblies, and more.

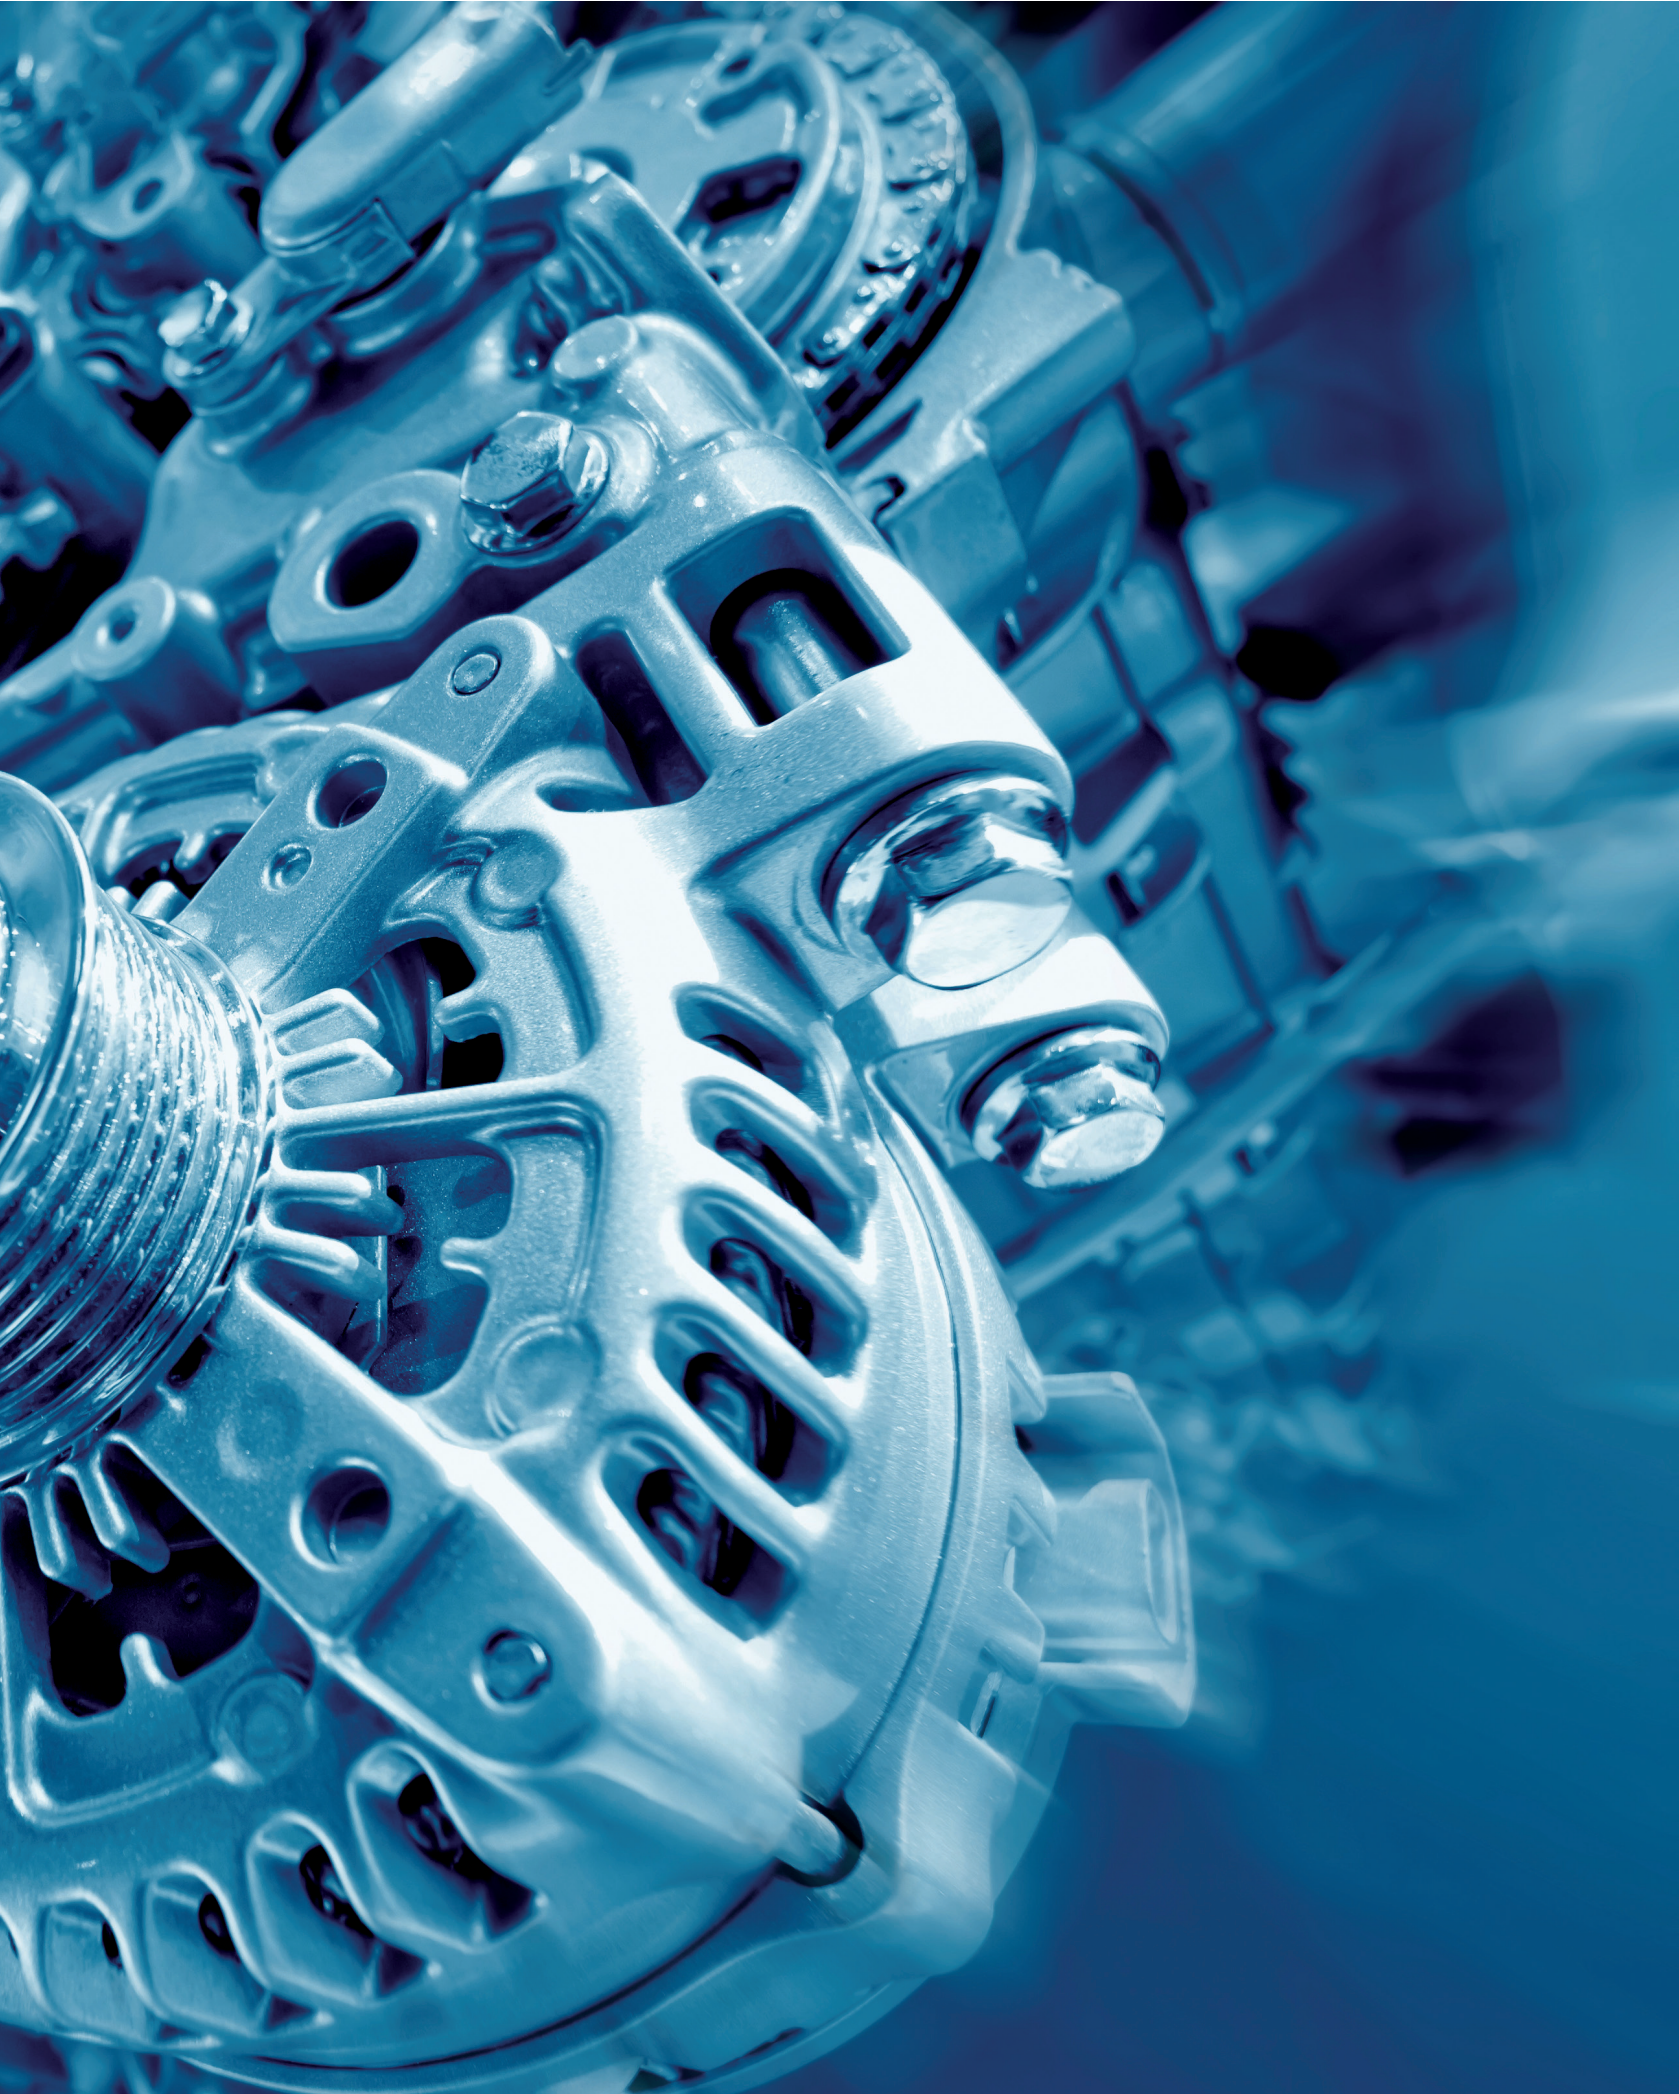

But we don't rest on our laurels. We push boundaries, recently launching the most advanced mechanical throttle bodies, seamlessly compatible with diverse systems. This pioneering spirit ensures we stay ahead of the curve, driving the future of automotive innovation.

Sookht Ama is more than just a manufacturer; we're your trusted partner, ensuring your journey is reliable, safe, and always moving forward.
